1 **RESOLUTION 14/15/29**

2 **RECOMMENDATION OF OPTIONAL ACADEMIC**
3 **FREEDOM STATEMENT FOR ALL COURSE SYLLABI**

4 **BY:** Reagan Kays, Cody Kennedy and Stephen Kucera

5
6 **WHEREAS,** Academic freedom is crucial to the long-term success of higher education and quality
7 education offered to students;

8
9 **WHEREAS,** In response to the recent discussion, on campus and nationwide, about academic freedom,
10 Faculty Senate Past President Julia Keen convened a working group late last semester to
11 draft a statement outlining the importance of academic freedom;

12
13 **WHEREAS,** It was hoped that this statement, stressing the essential nature of academic freedom for
14 both students and faculty members, could be included in class syllabi at Kansas State
15 University;

16
17 **WHEREAS,** This working group included Elizabeth Dodd, Reagan Kays, Erica Ruscio, Stephen
18 Kucera, Jim Hamilton, David Stone, Andrew Hurtig and Mickey Ransom;

19
20 **WHEREAS,** This working group completed their work earlier this summer;

21
22 **WHEREAS,** The academic freedom statement is as follows:

23
24 *Kansas State University is a community of students, faculty and staff who work together*
25 *to discover new knowledge, create new ideas and share the results of their scholarly*
26 *inquiry with the wider public. Although new ideas or research results may be*
27 *controversial or challenge established views, the health and growth of any society*
28 *requires frank intellectual exchange. Academic freedom protects this type of free*
29 *exchange and is thus essential to any university's mission.*

30
31 *Moreover, academic freedom supports collaborative work in the pursuit of truth and the*
32 *dissemination of knowledge in an environment of inquiry, respectful debate and*
33 *professionalism. Academic freedom is not limited to the classroom or to scientific and*
34 *scholarly research, but extends to the life of the university as well as to larger social and*
35 *political questions. It is the right and responsibility of the university community to engage*
36 *with such issues.;*

37
38 **WHEREAS,** Provost and Senior Vice President April Mason and President Kirk Schulz have voiced
39 strong support for academic freedom and its necessity for the K-State mission and pursuit
40 of K-State 2025;

41
42 **WHEREAS,** Pursuant to both faculty senate leadership's and Provost and Senior Vice President
43 Mason's support, this statement was made available for optional inclusion in syllabi for
44 the 2014-2015 academic year;

45
46 **WHEREAS,** We are requesting that these paragraphs be added indefinitely to the provost's webpage
47 that contains other statements for widespread inclusion, both optional and mandatory, in
48 K-State course syllabi; and

49
50 **WHEREAS,** We believe shared governance and the campus dialogue this statement embodies are best
51 served by joint support from both student senate and faculty senate.

52
53 **BE IT RESOLVED THAT:**
54

55 **SECTION 1.** The Kansas State University Student Governing Association recommends that the

PLEDGE OF ALLEGIANCE

Speaker Works led the pledge.

ROLL CALL

43 Senators and 19 Interns were present for roll.

OPEN PERIOD

Ruth Dyer, Senior Assistant Vice Provost

- Your Voice Matters.
 - This is an anonymous survey, and its data is going to be used to make K-State a better place.
 - Once data is returned, action groups, composed of students, faculty and staff, will be made.
 - This is the first time in K-State's history that a survey has been available for students, faculty and staff to take.
 - In order to get a robust set of data, 30 percent of students, faculty and staff need to take the survey, which is roughly 10,000-12,000 people.
 - K-State plans to open the survey in three years to see what progress has been made.
 - The Climate Survey is a part of K-State 2025.
 - Please take the survey at <http://www.k-state.edu/2025/initiatives/climate-survey/>

Marcelo Sabates, Associate Provost for International Programs

- Sabates supervises and coordinates all international programs at K-State.
 - He has served as a professor and department head before becoming the Associate Provost for International Programs three years ago.
 - His focus is making campus more diverse by having more international students make up K-State's student population.
 - It's impossible to be well educated without the global component or international dimension.
 - Near 25 percent of K-State faculty is international, and nine percent of K-State's student body comes from an international background.
- K-State is in the top 3 in the Big 12 of percentage of international undergraduate students.

- First semester to third semester retention of international students is near 90 percent.
- Check out study abroad opportunities and scholarships at <http://www.k-state.edu/studyabroad/>

Senator Kucera moved to extend speaking time by five minutes. Motion seconded and passed.

Senator Tinker moved to extend speaking time by 10 minutes for a total speaking time of 20 minutes for all following open period speakers. Motion seconded and passed.

Jan Van Den Kieboom, Workshop Architects

- Today was the second day on campus meeting with students, and they are excited for the upcoming time at K-State.
 - The idea is to make the Union a place that speaks K-State and that's a "family" room.
- Please attend Design Committee meetings. The more students who are involved will truly make this project yours.
- This renovation plans to make the Union feel less like a transactional space and more of an intimate space for collaboration and opportunities for involvement.
- The project budget is fixed at \$25 million, but it's important to work together to make an impact and get as much value out of the monies available as possible.
- Parts of the renovation include a new southwest entry, new furniture, new audio/visual and new windows. K-State branding and soft costs will also be a part of the renovation.
 - The overarching goal of this project needs to reflect the "family" feeling of K-State.

Speaker Pro Tem Lockwood called the meeting to order at 7:00 p.m.

PLEDGE OF ALLEGIANCE

Speaker Pro Tem Lockwood led the pledge.

ROLL CALL

43 Senators and 19 Interns were present for roll.

OPEN PERIOD

- Athletic Director John Currie
 - Reasons for the dismissal of the Equestrian program
 - In 2002 Equestrian became an emerging sport as seen by the NCAA
 - Emerging sports count toward the minimum amount of sports needed to be considered Division I
 - In 2012 Equestrian hadn't met the minimum amount of participants needed and is no longer considered an emerging sport
 - Equestrian will no longer count as of August 2017 and if we want to keep Division I status then we have to add another woman's sport by then
 - Equestrian Student Athletes
 - The athletes are assured that they will retain the scholarship that they were awarded
 - They still have the opportunity to compete for another year and a half and have full support from the University
 - They will remain in the athletic history and heritage
 - The equestrian team will be a club sport just not an intercollegiate sport
 - Soccer
 - Memorial Stadium might be the place to hold the girls soccer team but there hasn't really been a conversation about where to put it at yet
 - ❖ A negative to using Memorial Stadium is that lots of people use it already

42

43 (b) As used in this section, "student fees" includes student activity fees, special fees
44 and other fees which are charged to students for the purpose of providing revenue for
45 payment of debt service on bonded indebtedness for one or more buildings or facilities,
46 but shall not include any user fee, rent or similar charge which arises from the operation
47 of a building or facility and which is imposed in connection with or for the use of all or
48 part of a building or facility, *or any tuition that has been set after consultation with the*
49 *student body leadership;*
50

51 **WHEREAS,** The rationale for the aforementioned amendment reads: “Universities are finding more
52 creative ways to provide top notch facilities and students are willing to provide support
53 for these facilities;”
54

WHEREAS, It cannot be assumed that students from all Kansas universities are willing to pay for the construction of facilities without their expressed approval;

WHEREAS, Imposing fees for debt service upon students without a referendum disenfranchises, restricts and silences the student voice in the fee process;

WHEREAS, The rationale for the above amendment reads: “Conducting a referendum is an unnecessary step as the students are part of the process in the planning of new construction or renovation;”

WHEREAS, Conducting a referendum is a cornerstone of understanding the will of the student body and deeming it unnecessary creates divisions between bidirectional partnerships within university governance;

WHEREAS, The rationale for the amendment further reads: “Student fees that would normally be used to conduct a referendum can be used for other worthy programs;”

WHEREAS, The cost of removing the voice of the student body from student fee decisions far outweighs any pecuniary gain students may receive;

WHEREAS, Students highly value the right to communicate their stance on the use of their student fee dollars, especially in cases which a significant increase will occur;

WHEREAS, Transferring the power from the student body to one representative disenfranchises the multiplicity of views present in any student body and grants overarching and unnecessary rights and responsibilities to the student body leadership; and

WHEREAS, The word “consultation” does not imply consent of any portion of the student body and precludes proper communication of the student input on student fee decisions.

BE IT RESOLVED THAT:

SECTION 1. The Kansas State University Student Governing Association recommends our opposition to this amendment and urges the Kansas Board of Regents to fail the proposed amendment.

SECTION 2. Upon passage by the student senate and signature of the student body president, a copy of this resolution shall be sent to Kirk Schulz, president; April Mason, provost and senior vice president; Pat Bosco, vice president for student life and dean of students; Heather Reed, assistant vice president for student life; Sue Peterson, director of governmental relations; Cindy Bontrager, vice president for administration and finance; and Andy Tompkins, president /CEO of the Kansas Board of Regents.

6
 7 **WHEREAS,** Underage drinking is a widespread problem at many university campuses across the
 8 country and a safety issue that needs to be addressed;
 9

10 **WHEREAS,** There are more than 275 colleges and universities in the United States that currently
 11 provide some type of immunity for underage drinkers seeking medical attention
 12

13 **WHEREAS,** The Lifeline 911 Policy would not condone underage drinking, but rather is a
 14 preventative measure designed to protect and preserve student lives;
 15

16 **WHEREAS,** According to The Foundation for Advancing Alcohol Responsibility, between 2011 and
 17 2012, 68.6 percent of 12- to 20-year-olds participated in binge drinking within the last 30
 18 days;
 19

20 **WHEREAS,** According to Virginia Tech University's Campus Alcohol Abuse Prevention Center,
 21 there are nearly 50,000 reported cases of alcohol poisoning each year, with 50 deaths as a
 22 result of alcohol poisoning on United States college campuses alone;
 23

24 **WHEREAS,** When individuals under the legal drinking age in the United States consume alcohol, they
 25 often do so in excess by engaging in binge drinking activities, which often lead to life
 26 threatening conditions like alcohol poisoning;
 27

28 **WHEREAS,** Current policies and laws often deter underage drinkers of alcohol to seek help for
 29 another underage consumer of alcohol who requires medical attention;
 30

31 **WHEREAS,** The Lifeline 911 Policy at Kansas State University would encourage our students to look
 32 out for the health and safety of themselves and other individuals in danger; and
 33

34 **WHEREAS,** The Kansas State University Lifeline 911 Policy is as follows:
 35

36 ***.010 Introduction***
 37

38 *The Lifeline 911 policy allows students to seek immediate medical assistance for an*

 40 *sanctioned for violation of any university related policy. This policy allows students to*
 41 *make healthy decisions by seeking medical help without the fear of punishment.*
 42

43 *Because it is important that victims of alcohol-related emergencies receive medical*
 44 *treatment, Kansas State University students seeking immediate medical assistance for an*

 46 *sanctioned for violation of any university alcohol-related policies.*
 47

48 ***.020 Requirements***
 49

50 *To obtain immunity from University disciplinary sanctions, students actively involved in*

.030 Immunity

If these conditions are met, the victim, the caller, and those closely involved in aiding the victim shall have immunity from University disciplinary sanctions and processes.

3. *Third Incident:*
 - a. *The student will meet with trained professionals from Student Life who will decide what further measures need to be taken on a situational basis.*

BE IT RESOLVED THAT:

SECTION 1. 10 **WHEREAS,** According to the Kansas State University Constitution Article IV, it is the duty of the
11 student body president and vice president to “represent and protect the rights and interests
12 of the student body;”
13

14 **WHEREAS,** The constitution further explains in Article V that the legislative branch “enact, by
15 majority vote, laws of the student body necessary to the well-being of the student
16 community;”
17

18 **WHEREAS,** The student advisory committee was created by K.S.A. 74-3229: State Statute that
19 created Kansas Board of Regents Student Advisory Committee;
20

21 **WHEREAS,** K.S.A. reads that student advisory committee is supposed to, “...consider any problems
22 presented to it by the board of regents and give advice thereon;”
23

24 **WHEREAS,** Student advisory committee has agreed as a collective group to advise against this
25 legislation change and have decided to each propose legislation to our student senates
26 against the proposed addition;
27

28 **WHEREAS,** The following amendment to K.S.A. 76-742 has been proposed to the Kansas Board of
29 Regents from university administration:
30

31 Student fees for debt service on academic or health facilities, prior referendum required.

32 (a) No student fees shall be charged or collected on or after July 1, 1982, by any
33 state educational institution under the control and supervision of the state board of
34 regents for debt service on bonded indebtedness for any building or facility of such state
35 educational institution which is constructed in whole or in part pursuant to any contract
36 entered into after June 30, 1982, and which is used primarily for academic purposes or
37 for providing health care services as determined by the state board of regents, unless a
38 student referendum is conducted on the use of such fees for such debt service and the
39 results of such referendum have been made public and presented to the state board of
40 regents prior to entering into any contract for construction of all or part of such building
41 or facility.
42

43 (b) As used in this section, "student fees" includes student activity fees, special fees
44 and other fees which are charged to students for the purpose of providing revenue for
45 payment of debt service on bonded indebtedness for one or more buildings or facilities,
46 but shall not include any user fee, rent or similar charge which arises from the operation
47 of a building or facility and which is imposed in connection with or for the use of all or
48 part of a building or facility, *or any tuition that has been set after consultation with the*
49 *student body leadership;*
50

51 **WHEREAS,** The rationale for the aforementioned amendment reads: “Universities are finding more
52 creative ways to provide top notch facilities and students are willing to provide support
53 for these facilities;”
54

WHEREAS, It cannot be assumed that students from all Kansas universities are willing to pay for the construction of facilities without their expressed approval;

WHEREAS, Imposing fees for debt service upon students without a referendum disenfranchises, restricts and silences the student voice in the fee process;

WHEREAS, The rationale for the above amendment reads: “Conducting a referendum is an unnecessary step as the students are part of the process in the planning of new construction or renovation;”

WHEREAS, Conducting a referendum is a cornerstone of understanding the will of the student body and deeming it unnecessary creates divisions between bidirectional partnerships within university governance;

WHEREAS, The rationale for the amendment further reads: “Student fees that would normally be used to conduct a referendum can be used for other worthy programs;”

WHEREAS, The cost of removing the voice of the student body from student fee decisions far outweighs any pecuniary gain students may receive;

WHEREAS, Students highly value the right to communicate their stance on the use of their student fee dollars, especially in cases which a significant increase will occur;

WHEREAS, Transferring the power from the student body to one representative disenfranchises the multiplicity of views present in any student body and grants overarching and unnecessary rights and responsibilities to the student body leadership; and

WHEREAS, The word “consultation” does not imply consent of any portion of the student body and precludes proper communication of the student input on student fee decisions.

BE IT RESOLVED THAT:

SECTION 1. The Kansas State University Student Governing Association opposes this amendment and urges the Kansas Board of Regents to fail the proposed amendment.

SECTION 2. Upon passage by the student senate and signature of the student body president, a copy of this resolution shall be sent to Kirk Schulz, president; April Mason, provost and senior vice president; Pat Bosco, vice president for student life and dean of students; Heather Reed, assistant vice president for student life; Sue Peterson, director of governmental relations; Cindy Bontrager, vice president for administration and finance; Andy Tompkins, president /CEO of the Kansas Board of Regents; and the Kansas Board of Regents.

7 **WHEREAS,** Underage drinking is a widespread problem at many university campuses across the
8 country and a safety issue that needs to be addressed;
9

10 **WHEREAS,** There are more than 275 colleges and universities in the United States that currently
11 provide some type of immunity for underage drinkers seeking medical attention;
12

13 **WHEREAS,** The Lifeline 911 Policy would not condone underage drinking, but rather is a
14 preventative measure designed to protect and preserve student lives;
15

16 **WHEREAS,** According to The Foundation for Advancing Alcohol Responsibility, between 2011 and

28 **WHEREAS,** Current policies and laws often deter underage drinkers of alcohol to seek help for
29 another underage consumer of alcohol who requires medical attention;
30

31 **WHEREAS,** Professionals in the Offices of Counseling Services and Student Life already provide high
32 quality services, are supportive of this policy, and are able to provide the necessary
33 services without additional costs to the university;

36 out for the health and safety of themselves and other individuals in danger; and
37

38 **WHEREAS,** The Kansas State University Lifeline 911 Policy is as follows:

40 ***.010 Introduction***
41

42 *The Lifeline 911 policy allows students to seek immediate medical assistance for an*

44 B. A quorum of the Tuition *and Fees* Strategies Committee shall be six, and shall
45 include the co-chairs. The committee shall meet bi-annually or at the call of the
46 co-chairs.
4748 C. *Academic fees are collected as part of the tuition and fees paid by students and*
49 *are established by university administration at the recommendation of the Tuition*
50 *and Fees Strategies Committee. Academic fees can be assessed from a academic*
51 *college or unit. These fees are assessed along with student's tuition bill on a*
52 *credit hour or student status basis.*
5354 D. *Each entity wishing to propose a fee to Kansas State University students shall*

55 submit an academic fee proposal application provided by The Office of the
56 Provost.

66 E. The Tuition and Fees Strategy Committee shall conduct fee reviews and report
67 to the University President and Provost on a three-year cycle. The committee

69 being reviewed. Any breach of the agreement between the KSU SGA Tuition and
70 Fees Strategy Committee and the academic fee recipient shall result in
71 automatic review of the fee by the Tuition and Fees Strategy Committee. In
72 order to increase a current fee, there must be a new fee proposed that will
73 supersede the original fee if implemented. If an academic or unit desires to fund
74 something outside the scope of the current fee, then there must be another fee
75 presented to the Tuition and Fees Strategies Committee.

- 76
- 77 1. The fee review process must include a report of how the funds have been

82 funded projects that were put forward in the initial application presented
83 to the committee.
- 84
- 85 3. Upon review of the fee if the committee deems the funds have not been
86 allocated in accordance with the agreement, the committee can put the
87 fee entity on probation for a year. In order to put an entity on probation,
88 the committee must submit a written report to the University President
89 and Provost to explain its reasoning.
- 90
- 91 4. Being placed on probation requires the fee entity to visit the Tuition and
92 Fees Strategy Committee the following year to show how it has used the
93 fee dollars over the past year. If the committee is not satisfied with the
94 distribution of the funds, it can make a recommendation for fee
95 continuation, reduction or termination.

**AMENDMENTS TO CHAPTER 21
OF THE KANSAS STATE UNIVERSITY
STUDENT GOVERNING ASSOCIATION STATUTES**

BY: Executive Committee

WHEREAS, Ambiguity in the Kansas State University Student Governing Association Statutes has been found that allows for students in an academic major-specific class to request funding for class-related travel;

WHEREAS, This ambiguity can be clarified with a simple amendment to the KSU SGA Statutes; and

WHEREAS, KSU SGA needs to continually update its statutes to reflect the best use of student dollars for all students.

BE IT ENACTED THAT:

SECTION 1. Chapter 21 of the Kansas State University Student Governing Association Statutes is hereby amended to read as follows:

Student Activity Fee Funding Regulations

21--0101 STUDENT ACTIVITY FEE FUNDING STATUTE
Student Governing Association
Kansas State University

21-0102 General

A. Student Activity Fee Requirements. In order to request funds from the Student Activity Fee in any semester period, an organization must fulfill each of the following requirements:

1. The organization must submit to the KSU SGA Treasurer a statement of the fundraising activities of the organization over the past year, including the specific events and the amounts raised. This statement must be submitted with the organization's funding request(s) on the Fundraising Report form available in the Office of Student Activities and Services.
2. Differentiation of Projects. If an organization is submitting multiple requests, each funding request must be distinct and independent, and must be related to the goals of the organization itself.
3. Fund Raising. All groups should make a reasonable effort to raise funds, either through dues or other events. While not a requirement for funding, the College Allocations Standing Committee or University Allocations Standing Committee may, at its discretion, reject funding for any requested materials, which would commonly be paid for by fund raising.

B. Student Activity Fee Budget.

1. The annual Department Budget will be allocated at the minimum amounts that must be allocated to fund these areas, should appropriate projects be available. However, at the discretion of the College Allocations Standing Committee or University Allocations Standing Committee and with approval from Student Senate, additional funds may be dispersed from the respective reserve accounts, if available.
2. The annual Department Budget will be dispersed into two separate amounts for the fall and spring semesters of any given fiscal year:
 - a. The University Allocations Standing Committee funds will be allotted 50 percent of the total budget available in the fall semester and 50 percent in the spring semester.
 - b. The College Allocations Standing Committee funds will be allotted 50 percent of the total budget available in the fall semester and 50 percent in the spring semester.

36 plans due to a lack of funding. This allocation will allow for a complete renovation of
37 these two high traffic floors;
38

39 **WHEREAS,** The funds collected in the bond surplus are from a state requirement for agencies to
40 collect 125 percent of the bond payment to provide for the rare occasion of a decrease in
41 student enrollment subsequently resulting in a decrease in privilege fee revenue;
42

43 **WHEREAS,** As of January 31 in FY 2015, the bond surplus account has a balance of \$1,729,785.41;
44

45 **WHEREAS,** We must keep one million dollars in the bond surplus account in order to cover an
46 uncommon decrease in K-State student enrollment; and

RESOLUTION 14/15/58

**FY 2015 ALLOCATION OF STUDENT BOND
SURPLUS FUNDS FOR UNION RENOVATION**

BY: Reagan Kays, Cody Kennedy, Abby Works, Kurt Lockwood, Andy Hurtig and Privilege Fee Committee

WHEREAS, The university administration has requested the Kansas State University Student Governing Association give input on how bond surplus funds are utilized;

WHEREAS, The bond surplus funds exist to provide opportunity for the completion of major, one-time projects;

WHEREAS, The students at K-State voted in the spring of 2013, by a majority of 74.5 percent, to add a \$20 per semester fee to their privilege fees to fund a renovation of the K-State Student Union;

WHEREAS, This \$20 increase, along with other bonds rolling off the privilege fee, results in a \$25 million dollar renovation;

WHEREAS, K-State students, faculty and staff have been involved in the planning process over the past two years to determine what the Union renovation would entail;

WHEREAS, Workshop Architects created the program statement for the renovation, and its total amount of renovated space resulted in a \$27 million dollar budget;

WHEREAS, In order to meet the \$25 million dollar budget requirements, Workshop Architects cut essential components of the renovation;

WHEREAS, The essential pieces left out of the project include, but are not limited to the following: a new elevator; improved south entrance; Forum Hall Americans with Disabilities Act improvements; renovation of the Little Theatre; renovations of the Bluemont Room; meeting rooms and ballroom renovations; and renovations of the recreation center;

WHEREAS, There are areas on the ground and first floors that will not be included in the renovation plans due to a lack of funding. This allocation will allow for a complete renovation of these two high traffic floors;

WHEREAS, The funds collected in the bond surplus are from a state requirement for agencies to collect 125 percent of the bond payment to provide for the rare occasion of a decrease in student enrollment subsequently resulting in a decrease in privilege fee revenue;

WHEREAS, As of January 31 in FY 2015, the bond surplus account has a balance of \$1,729,785.41;

WHEREAS, We must keep one million, one hundred thousand dollars in the bond surplus account in order to cover an uncommon decrease in K-State student enrollment; and

WHEREAS, In accordance with KSU SGA statute 30-0703 the bond surplus funds should be utilized on projects that impact the student body, contribute to the long-range goals of K-State and add value to campus and have received approval by KSU SGA.

BE IT RESOLVED THAT:

 - c. The organization has new information that may affect the committee's decision on the request. This new information must pertain to the original request and must not have been available at the time of the original request.

WHEREAS, After evaluation of Chapter 26 of the KSU SGA Statutes concerning the Student-Centered Tuition Enhancements Committee, it is apparent that refinements are in order.

BE IT ENACTED THAT:

SECTION 1. Chapter 26 of the Kansas State University Student Governing Association Statutes is hereby amended to read as follows:

**Chapter 26:
Student-Centered Tuition Enhancements**

26-0101 The Student-Centered Tuition Enhancements (SCTE) Committee shall consist of the following members:

- A. The Student Body Vice President, who shall serve as the Chair and who shall vote only in the case of a tie.
- B. Six Student Senators, representing different colleges and different standing committees, appointed by the Speaker of the Student Senate upon approval by Student Senate.
- C. Four at-large members, representing different campus constituencies, appointed by the Student Body President upon approval by Student Senate.
- D. The Student Body President's Chief of Staff.
- E. One Faculty Senate Representative to Student Senate, who shall be a non-voting member.
- F. The Coordinator of the Office of Student Activities and Services *or his or her designee*, who shall be a non-voting member.

26-0102 Duties of the Student-Centered Tuition Enhancements Committee

- A. Throughout the fall semester, the SCTE Committee shall solicit proposals for allocation of the SCTE monies. Included in the cover letter with the application shall be the due date, the purpose of SCTE, and criteria for consideration in the allocation of the SCTE monies. Any informal guidelines used by the SCTE committee shall be approved by Student Senate prior to the beginning of the allocation process. Senate may only pass additional or change existing guidelines by a 2/3 vote of selected and qualified senators.
- B. The Committee shall make its recommendation by resolution to Student Senate no later than the second meeting in March of each year. Upon Student Senate approval, the recommendation will be sent to the University Administration.
- C. In its report to Student Senate and University Administration, the Committee will include an evaluation of the effectiveness of the previous year's allocations.

26-0103 Student-Centered Tuition Enhancements Funding Process

- A. SCTE proposals may be submitted to the committee for one of two areas:
 - 1. Programs classified as priority funding; or
 - 2. Seed money for the creation and implementation for new programs/initiatives.
- B. SCTE proposals may request funding up to four years. Every project receiving

funding must submit each year funding was requested. No SCTE project may receive funding for more than four years.

1. For proposals that have been previously funded with SCTE money that are also being allocated FY 2009 funds: FY 2009 is being considered the second year of funding.
2. For proposals that are receiving first-time SCTE funding for FY 2009: FY 2009 is considered the first year of funding.

C. Upon receiving four years of SCTE funding, a group may be classified as priority funding by the SCTE Committee. Priority funding does not guarantee funding in any particular year and is not indefinite. A group classified as priority funding may apply for SCTE funding as long as SCTE funding remains at a minimum of \$750,000.00 ~~\$1 million~~, and the group complies with the SCTE guidelines for funding as outlined in Section 26-0102, excluding section A. and B., of the SGA Statutes. Groups classified as priority funding shall be listed in Section 26-0105.

1. *After groups have received priority-funding status, the Committee has two options.*
 - a. *The Committee shall work with the Vice President for Administration and Finance on a plan to roll the funding of the group off onto University Administration.*
 - b. *The Committee shall average the monies the group received over the past four years and may allocate a range of 80-90-percent of that average in the next year. Funding will be decreasingly allocated by the same percentage each year until the group no longer receives funding.*
2. *If an alternative funding source becomes available or a group does not meet the committee's requirements, the Committee can modify the group's funding.*

D. All funding will be reviewed on an annual basis. All entities receiving SCTE monies will submit a final report of all spent and unspent money to the Office of Student Activities and Services Accountant that fiscal year. A final report is due in the Office of Student Activities and Services no later than the second Friday in September, by 4:00 p.m. A final report must be submitted in order to be eligible for another year of funding.

E. Proposals must include: description and title of project; administrative contact information; project description and background; potential/current impact and benefit to K-State students; dollar amount requested, including line item expenditures and other sources of funding; and an estimated project timeline.

F. Proposals are due in the Office of Student Activities and Services by 4:00 p.m. on the first Friday in December of each year. A total of 15 copies of the proposal should be submitted in order to be reviewed by the committee.

G. All funds awarded shall be kept in separate accounts from all other funds.

H. Any remaining funds in individual SCTE accounts at the end of the fiscal year will revert back to the SCTE Reserve Account NISASCTERS.

26-0104 Informal Guidelines for Priority Funding

A. Preference shall be given to applications using the following criteria:

1. Programs that have definite, predictable outcomes.
2. Programs that affect large number of students.
3. Programs that have limited or no other sources of funding.
4. Programs that provide significant enhancements to students' experience.

26-0105 Wages for student employees are calculated at the federal minimum wage per hour.

**AMENDMENTS TO THE KANSAS STATE UNIVERSITY
STUDENT GOVERNING ASSOCIATION BY-LAWS
CONCERNING THE TUITION AND FEES
STRATEGIES COMMITTEE**

BY: Reagan Kays, Abby Works and the 2014-2015 Tuition Strategies Committee

WHEREAS, It is necessary to continually review and update the Kansas State University Student Governing Association By-Laws; and

WHEREAS, After evaluation of the current KSU SGA By-Laws concerning the Tuition Strategies Committee guidelines, it is apparent that refinements are in order.

BE IT ENACTED THAT:

SECTION 1. Article IV, Section 15 of the Kansas State University Student Governing Association By-Laws is hereby amended to read as follows:

Section 15. Tuition and Fees Strategies Committee shall be responsible for studying, analyzing and recommending tuition principles, tuition funding initiatives, college-specific fees, and proposals to KSU SGA and University Administration.

A. The Tuition and Fees Strategies Committee shall be composed of the following members:

1. The Student Body President and the Speaker of the Student Senate shall serve as co-chairs and shall have full voting privileges.
2. One student from each academic college, who shall be jointly appointed by the Student Body President and the Speaker of the Student Senate and be subject to Student Senate approval.
3. One Salina Campus student who shall be jointly appointed by the Student Body President and the Speaker of the Student Senate and be subject to Student Senate approval.
4. The Student Body Vice President and the Privilege Fee Standing Committee Chair, who shall be ex officio, non-voting members.
5. The Vice President for Student Life, Vice President for Administration and Finance, Provost, and Faculty Senate President or their designees shall be ex-officio, non-voting members.

B. A quorum of the Tuition and Fees Strategies Committee shall be six, and shall include the co-chairs. The committee shall meet bi-annually or at the call of the co-chairs.

C. Academic fees are collected as part of the tuition and fees paid by students and are established by university administration at the recommendation of the Tuition and Fees Strategies Committee. *The Tuition and Fees Strategies Committee will only make recommendations for the upcoming fiscal year.* Academic fees can be assessed from a academic college or unit. These fees are assessed along with student's tuition bill on a credit hour or student status basis.

D. Each entity wishing to propose a fee to Kansas State University students shall submit an academic fee proposal application provided by The Office of the Provost.

1. The proposal submittal must include the academic fee proposal application as well as a three-year projected budget outlining the intended use of the fee dollars.

2. Beyond the required academic fee proposal application and three-year projected budget, additional documents and information for use by the Tuition and Fees Strategies Committee are welcomed and encouraged.

E. The Tuition and Fees Strategy Committee shall conduct fee reviews and report to the University President and Provost on a three-year cycle. The committee may request reports from academic fee recipients in years that their fee is not being reviewed. Any breach of the agreement between the KSU SGA Tuition and Fees Strategy Committee and the academic fee recipient shall result in automatic review of the fee by the Tuition and Fees Strategy Committee. In order to increase a current fee, there must be a new fee proposed that will supersede the original fee if implemented. If an academic or unit desires to fund something outside the scope of the current fee, then there must be another fee presented to the Tuition and Fees Strategies Committee.

1. The fee review process must include a report of how the funds have been used in the previous years. Accompanying this report can be an official audit showing where the funds were spent.

2. The committee's review of a fee is limited to the parameters and intended funded projects that were put forward in the initial application presented to the committee.

3. Upon review of the fee if the committee deems the funds have not been allocated in accordance with the agreement, the committee can put the fee entity on probation for a year. In order to put an entity on probation, the committee must submit a written report to the University President and Provost to explain its reasoning.

4. Being placed on probation requires the fee entity to visit the Tuition and Fees Strategy Committee the following year to show how it has used the fee dollars over the past year. If the committee is not satisfied with the distribution of the funds, it can make a recommendation for fee continuation, reduction or termination.

SECTION 2. Upon passage by the student senate and the signature of the student body president, this bill shall take effect upon ratification of the Kansas State University Student Governing Association Constitution.

SECTION 3. A copy of this resolution shall be sent to Kirk Schulz, president; April Mason, provost and senior vice president; Cindy Bontrager, vice president of administration and finance; Pat Bosco, vice president for student life and dean of students; David Rintoul, faculty senate president; Cody Kennedy, student body vice president; and Drew Unruh, privilege fee committee chair.

7
8 **WHEREAS,** It is necessary to continually review and update the Kansas State University Student
9 Governing Association Statutes; and

10
11 **WHEREAS,** After evaluation of Chapter 26 of the KSU SGA Statutes concerning the Student-
12 Centered Tuition Enhancements Committee, it is apparent that refinements are in order.

14 **BE IT ENACTED THAT:**

15
16 **SECTION 1.** Chapter 26 of the Kansas State University Student Governing Association Statutes is
17 hereby amended to read as follows:

18
19 **Chapter 26:**
20 **Student-Centered Tuition Enhancements**

21 26-0101 The Student-Centered Tuition Enhancements (SCTE) Committee shall consist of the
22 following members:

- 23 A. The Student Body Vice President, who shall serve as the Chair and who shall
24 vote only in the case of a tie.
25 B. Six Student Senators, representing different colleges and different standing
26 committees, appointed by the Speaker of the Student Senate upon approval by
27 Student Senate.
28 C. Four at-large members, representing different campus constituencies, appointed
29 by the Student Body President upon approval by Student Senate.
30 D. The Student Body President's Chief of Staff.
31 E. One Faculty Senate Representative to Student Senate, who shall be a non-voting
32 member.
33 F. The Coordinator of the Office of Student Activities and Services *or his or her*
34 *designee*, who shall be a non-voting member.

35 26-0102 Duties of the Student-Centered Tuition Enhancements Committee

- 36 A. Throughout the fall semester, the SCTE Committee shall solicit proposals for
37 allocation of the SCTE monies. Included in the cover letter with the application
38 shall be the due date, the purpose of SCTE, and criteria for consideration in the
39 allocation of the SCTE monies. Any informal guidelines used by the SCTE
40 committee shall be approved by Student Senate prior to the beginning of the
41 allocation process. Senate may only pass additional or change existing guidelines
42 by a 2/3 vote of selected and qualified senators.
43 B. The Committee shall make its recommendation by resolution to Student Senate
44 no later than the second meeting in March of each year. Upon Student Senate
45 approval, the recommendation will be sent to the University Administration.
46 C. In its report to Student Senate and University Administration, the Committee will
47 include an evaluation of the effectiveness of the previous year's allocations.

48 26-0103 Student-Centered Tuition Enhancements Funding Process

- 49 A. SCTE proposals may be submitted to the committee for one of two areas:
50 1. Programs classified as priority funding; or
51 2. Seed money for the creation and implementation for new
52 programs/initiatives.
53 B. SCTE proposals may request funding up to four years. Every project receiving

funding must submit each year funding was requested. No SCTE project may receive funding for more than four years.

1. For proposals that have been previously funded with SCTE money that are also being allocated FY 2009 funds: FY 2009 is being considered the second year of funding.
2. For proposals that are receiving first-time SCTE funding for FY 2009: FY 2009 is considered the first year of funding.

C. Upon receiving four years of SCTE funding, a group may be classified as priority funding by the SCTE Committee. Priority funding does not guarantee funding in any particular year and is not indefinite. A group classified as priority funding may apply for SCTE funding as long as SCTE funding remains at a minimum of \$750,000.00 ~~\$1 million~~, and the group complies with the SCTE guidelines for funding as outlined in Section 26-0102, excluding section A. and B., of the SGA Statutes. Groups classified as priority funding shall be listed in Section 26-0105.

1. *After groups have received priority-funding status, the Committee has two options.*
 - a. *The Committee shall work with the Vice President for Administration and Finance on a plan to roll the funding of the group off onto University Administration.*
 - b. *The Committee shall average the monies the group received over the past four years and may allocate a range of 80-90-percent of that average in the next year. Funding will be decreasingly allocated by the same percentage each year until the group no longer receives funding.*
2. *If an alternative funding source becomes available or a group does not meet the committee's requirements, the Committee can modify the group's funding.*

D. All funding will be reviewed on an annual basis. All entities receiving SCTE monies will submit a final report of all spent and unspent money to the Office of Student Activities and Services Accountant that fiscal year. A final report is due in the Office of Student Activities and Services no later than the second Friday in September, by 4:00 p.m. A final report must be submitted in order to be eligible for another year of funding.

E. Proposals must include: description and title of project; administrative contact information; project description and background; potential/current impact and benefit to K-State students; dollar amount requested, including line item expenditures and other sources of funding; and an estimated project timeline.

F. Proposals are due in the Office of Student Activities and Services by 4:00 p.m. on the first Friday in December of each year. A total of 15 copies of the proposal should be submitted in order to be reviewed by the committee.

G. All funds awarded shall be kept in separate accounts from all other funds.

H. Any remaining funds in individual SCTE accounts at the end of the fiscal year will revert back to the SCTE Reserve Account NISASCTERS.

26-0104 Informal Guidelines for Priority Funding

A. Preference shall be given to applications using the following criteria:

1. Programs that have definite, predictable outcomes.
2. Programs that affect large number of students.
3. Programs that have limited or no other sources of funding.
4. Programs that provide significant enhancements to students' experience.

26-0105 Wages for student employees are calculated at the federal minimum wage per hour.

**AMENDMENTS TO THE KANSAS STATE UNIVERSITY
STUDENT GOVERNING ASSOCIATION BY-LAWS
CONCERNING THE TUITION AND FEES
STRATEGIES COMMITTEE**

BY: Reagan Kays, Abby Works and the 2014-2015 Tuition and Fees Strategies Committee

WHEREAS, It is necessary to continually review and update the Kansas State University Student Governing Association By-Laws; and

WHEREAS, After evaluation of the current KSU SGA By-Laws concerning the Tuition Strategies Committee guidelines, it is apparent that refinements are in order.

BE IT ENACTED THAT:

SECTION 1. Article IV, Section 15 of the Kansas State University Student Governing Association By-Laws is hereby amended to read as follows:

Section 15. Tuition and Fees Strategies Committee shall be responsible for studying, analyzing and recommending tuition principles, tuition funding initiatives, college-specific fees, and proposals to KSU SGA and University Administration.

A. The Tuition and Fees Strategies Committee shall be composed of the following members:

1. The Student Body President and the Speaker of the Student Senate shall serve as co-chairs and shall have full voting privileges.
2. One student from each academic college, who shall be jointly appointed by the Student Body President and the Speaker of the Student Senate and be subject to Student Senate approval.
3. One Salina Campus student who shall be jointly appointed by the Student Body President and the Speaker of the Student Senate and be subject to Student Senate approval.
4. The Student Body Vice President and the Privilege Fee Standing Committee Chair, who shall be ex officio, non-voting members.
5. The Vice President for Student Life, Vice President for Administration and Finance, Provost, and Faculty Senate President or their designees shall be ex-officio, non-voting members.

B. A quorum of the Tuition and Fees Strategies Committee shall be six, and shall include the co-chairs. The committee shall meet bi-annually or at the call of the co-chairs.

C. Academic fees are collected as part of the tuition and fees paid by students and are established by university administration at the recommendation of the Tuition and Fees Strategies Committee. *The Tuition and Fees Strategies Committee will only make recommendations for the upcoming fiscal year. All current fees or surcharges will continue unless recommended for reconsideration by the TFSC during the three year review cycle.* Academic fees can be assessed from a academic college or unit. These fees are assessed along with student's tuition bill on a credit hour or student status basis.

D. Each entity wishing to propose a fee to Kansas State University students shall submit an academic fee proposal application provided by The Office of the Provost.

1. The proposal submittal must include the academic fee proposal application as well as a three-year projected budget outlining the

intended use of the fee dollars.

2. Beyond the required academic fee proposal application and three-year projected budget, additional documents and information for use by the Tuition and Fees Strategies Committee are welcomed and encouraged.

E. The Tuition and Fees Strategy Committee shall conduct fee reviews and report to the University President and Provost on a three-year cycle. The committee may request reports from academic fee recipients in years that their fee is not being reviewed. Any breach of the agreement between the KSU SGA Tuition and Fees Strategy Committee and the academic fee recipient shall result in automatic review of the fee by the Tuition and Fees Strategy Committee. In order to increase a current fee, there must be a new fee proposed that will supersede the original fee if implemented. If an academic or unit desires to fund something outside the scope of the current fee, then there must be another fee presented to the Tuition and Fees Strategies Committee.

1. The fee review process must include a report of how the funds have been used in the previous years. Accompanying this report can be an official audit showing where the funds were spent.
2. The committee's review of a fee is limited to the parameters and intended funded projects that were put forward in the initial application presented to the committee.
3. Upon review of the fee if the committee deems the funds have not been allocated in accordance with the agreement, the committee can put the fee entity on probation for a year. In order to put an entity on probation, the committee must submit a written report to the University President and Provost to explain its reasoning.
4. Being placed on probation requires the fee entity to visit the Tuition and Fees Strategy Committee the following year to show how it has used the fee dollars over the past year. If the committee is not satisfied with the distribution of the funds, it can make a recommendation for fee continuation, reduction or termination.

SECTION 2. Upon passage by the student senate and the signature of the student body president, this bill shall take effect upon ratification of the Kansas State University Student Governing Association Constitution.

SECTION 3. A copy of this resolution shall be sent to Kirk Schulz, president; April Mason, provost and senior vice president; Cindy Bontrager, vice president of administration and finance; Pat Bosco, vice president for student life and dean of students; David Rintoul, faculty senate president; Cody Kennedy, student body vice president; and Drew Unruh, privilege fee committee chair.
