10 **WHEREAS,** According to the Kansas State University Constitution Article IV, it is the duty of the
11 student body president and vice president to “represent and protect the rights and interests
12 of the student body”;

13
14 **WHEREAS,** The constitution further explains in Article V that the legislative branch “enact, by
15 majority vote, laws of the student body necessary to the well-being of the student
16 community”;

17
18 **WHEREAS,** The student advisory committee was created by K.S.A. 74-3229;

19
20 **WHEREAS,** K.S.A. 74-3229 reads that the student advisory committee is supposed to “consider any
21 problems presented to it by the board of regents and give advice thereon”;

22
23 **WHEREAS,** The student advisory committee has agreed as a collective group to advise against this
24 statutory change and have decided to each propose legislation to the respective schools’
25 legislative bodies in opposition to the proposed addition;

26
27 **WHEREAS,** The following amendment to K.S.A. 76-742 has been proposed to the Kansas Board of
28 Regents by the Council of Government Relations Officers and System Council of
29 Government Relations Officers as part of their 2016 non-budgetary legislative initiatives:

30
31 Student fees for debt service on academic or health facilities, prior referendum required.

32 (a) No student fees shall be charged or collected on or after July 1, 1982, by any
33 state educational institution under the control and supervision of the state board of
34 regents for debt service on bonded indebtedness for any building or facility of such state
35 educational institution which is constructed in whole or in part pursuant to any contract
36 entered into after June 30, 1982, and which is used primarily for academic purposes or
37 for providing health care services as determined by the state board of regents, unless a
38 student referendum is conducted on the use of such fees for such debt service and the
39 results of such referendum have been made public and presented to the state board of
40 regents prior to entering into any contract for construction of all or part of such building
41 or facility.

42
43 (b) As used in this section, "student fees" includes student activity fees, special fees
44 and other fees which are charged to students for the purpose of providing revenue for
45 payment of debt service on bonded indebtedness for one or more buildings or facilities,
46 but shall not include any user fee, rent or similar charge which arises from the operation
47 of a building or facility and which is imposed in connection with or for the use of all or
48 part of a building or facility, *or any tuition that has been set after consultation with the*
49 *student body leadership,;*

50
51 **WHEREAS,** The rationale for the aforementioned amendment reads: “Students today are enrolled in
52 multiple degree seeking majors and minors and these programs utilize facilities across the
53 campus. In this era of efficiencies it is imperative for a campus building to serve these
54 multiple uses for students and their academic programs. The state has provided limited

support for new construction and renovations of campus buildings. Universities are finding more creative ways to provide top notch facilities and students are willing to provide support for these facilities”;

WHEREAS, It cannot be assumed that students from all Kansas universities are willing to pay for the construction of facilities without their expressed approval;

WHEREAS, The rationale for the above amendment continues: “Conducting the referendum is an unnecessary step as the students are part of the process in the planning of new construction or renovation;”

WHEREAS, Conducting a referendum is key to understanding the will of the student body and deeming it unnecessary creates divisions between bidirectional partnerships within university governance;

WHEREAS, The rationale for the amendment further reads: “Student fees that would normally be used to conduct a referendum can be used for other worthy programs;”

WHEREAS, The cost of removing the voice of the student body from student fee decisions far outweighs any pecuniary gain it may receive;

WHEREAS, Students highly value the right to communicate their stance on the use of their student fee dollars, especially in cases which a significant increase will occur;

WHEREAS, Transferring the power from the student body to one representative disenfranchises the student body and devastates its cosmopolitan nature and grants oligarchical and unnecessary rights and responsibilities to the student body leadership; and

WHEREAS, The word “consultation” does not imply consent of any portion of the student body and precludes proper communication of the student input on student fee decisions;

WHEREAS, The results of a consultation with student leadership are not, unlike the results of a referendum, necessarily made public;

WHEREAS, The student governments of the regents institutions, as a united and unanimous front, opposed the above amendment in the previous academic year; and

WHEREAS, The Board of Regents ultimately opposed the proposed amendment citing the aforementioned student opposition.

BE IT RESOLVED THAT:

What is Pizza & Politics?

Pizza and Politics is an event hosted by the Office of Governmental Relations, Student Governing Association, and the K-State Alumni Association. This event gives members of the Kansas State community an opportunity to learn about important aspects of the legislative process, in particular, those that pertain to higher education. The event is also intended to raise awareness about the advocacy efforts occurring throughout campus and provides information to attendees on how they can become involved. Our panel of state leaders will provide insight about their role within the government of Kansas and how K-State's students, faculty, and staff are affected everyday by the decisions made on the state level.

1 **RESOLUTION 15/16/54**

2 **RESOLUTION IN SUPPORT OF**
3 **A COMPLETE SMOKE AND**
4 **TOBACCO BAN ON CAMPUS**

5
6 **BY:** Andy Hurtig, Joe Tinker, Ava Clark, Alex Bangert, Drew Bormann, Kurt Lockwood, and
7 Jessica Van Raken
8

9 **WHEREAS,** The Kansas State University Student Governing Association authorized a plebiscite vote
10 regarding smoking on campus held in conjuncture with the 2013-2014 Student Governing
11 Association General Election on March 5-6, 2013;
12

13 **WHEREAS,** 3,262 of the 3,847 (84.79 percent) voters were in favor of some form of further
14 restrictions to the current policy;
15

16 **WHEREAS,** 1,419 (36.89 percent) voters were in favor of a complete smoking ban on campus, the
17 highest vote-getting selection;
18

19 **WHEREAS,** 93.51 percent of voters stated that they did not smoke;
20

21 **WHEREAS,** National polls have shown that the number of smokers is declining;
22

23 **WHEREAS,** Numerous studies indicate second-hand smoke poses health risks to nonsmokers
24 consistently exposed to it;
25

26 **WHEREAS,** Student health and the respect for the environment of peer students is a priority on
27 campus;
28

29 **WHEREAS,** On February 6, 2014, Student Senate passed resolution 13/14/66 supporting a change in
30 the official campus smoking policy from, "No smoking is allowed in campus buildings or
31 within 30 feet of a building entrance." to "No smoking is allowed on campus except in
32 designated smoking areas on campus and near residence halls."
33

34 **WHEREAS,** Efforts since the passage of resolution 13/14/66 have presented ambiguous challenges
35 resulting in confusion across the academy as to what department is responsible for
36 implementation;
37

38 **WHEREAS,** Implementation of the designated smoking areas policy has yet to be finalized because;
39

40 **WHEREAS,** The Division of Facilities has had difficulty in identifying sufficient designated smoking
41 areas that comply with other regulations, including mandated distance away from
42 building entrances, away from building air intakes, and away from common public
43 walkways;
44

45 **WHEREAS,** The Division of Public Safety has not identified any intended efforts to enforce
46 designated smoking areas;
47

48 **WHEREAS,** The Division of Administration and Finance has yet to post the updated policy with
49 designated smoking areas because of the ambiguity of the implementation process; and
50

51 **WHEREAS,** Due to the challenges that have presented themselves with the approach of incrementally
52 implementing smoking policy changes, and due to the lack of progress with the intended
53 initial smoking policy change, a growing number of faculty, staff, and students have
54 expressed interest in moving toward a complete smoking and tobacco ban; and

55
56 **WHEREAS,** After seeing successful implementation of tobacco bans on campuses across the country,
57 including our regional peer institution at Pittsburg State University, a complete smoking
58 and tobacco ban is seen to be a more comprehensive, efficient step toward a campus
59 culture change in regards to public health and respect for each others' environment.
60

61 **BE IT RESOLVED THAT:**
62

63 **SECTION 1.** The Kansas State University Student Governing Association supports a change in the
64 official campus smoking policy to no longer allow smoking or use of any form of tobacco
65 on the Kansas State University Manhattan campus.
66

67 **SECTION 2.** KSU SGA recommends a one-year implementation deadline of January 1, 2017.
68

**RESOLUTION IN OPPOSITION
OF HOUSE BILL 3403:
SAFE CAMPUS ACT OF 2015**

2
3
4
5
6 **BY:** Stephen Kucera, Jack Nolte, Jack Ayres and Emma Barnett

7
8 **WHEREAS,** The Kansas State University Student Governing Association Bylaws Article IV Section
9 IV states that “each Student Senator shall attend Student Senate and assigned committee
10 meetings, represent college constituents, have knowledge of legislation, and serve with
11 the best interests of Kansas State University students in mind”;

12
13 **WHEREAS,** The U.S. House of Representatives House Bill 3403: The Safe Campus Act of 2015,
14 states, “if an institution of higher education which is subject to this part receives a
15 covered allegation, along with written consent to proceed from the alleged victim, the
16 institution shall report and refer the allegation to the law enforcement agency of the unit
17 of local government with jurisdiction to respond to such allegations in the location of the
18 institution immediately, but not later than 48 hours after receiving written consent from
19 the alleged victim,”;

20
21 **WHEREAS,** The Safe Campus Act of 2015 further states, “Paragraph (1) does not apply if the
22 individual who is the alleged victim of an act of sexual violence included in the covered
23 allegation provides a written notification to the institution that the individual does not
24 want the allegation to be investigated by a law enforcement agency,”;

25
26 **WHEREAS,** If the individual who is the alleged victim of an act of sexual violence provides a written
27 notification that he or she does not want the allegation to be investigated by law
28 enforcement, “the institution may not initiate or otherwise carry out any institutional
29 disciplinary proceeding with respect to the allegation,”;

30
31 **WHEREAS,** Requiring universities to report to law enforcement agencies before carrying out any
32 institutional disciplinary proceeding takes away victims’ rights to decide if and where to
33 report a crime;

34
35 **WHEREAS,** Victims of sexual violence deserve to have the freedom to report their allegations
36 however they see fit;

37
38 **WHEREAS,** This restriction makes it difficult for colleges to carry out university-specific sanctions
39 such as no-contact orders, expulsions, revised housing accommodations or class switches;

40
41 **WHEREAS,** The Safe Campus Act of 2015 does not mandate law enforcement reporting in any other
42 allegations of student misconduct, such as acts of physical violence;

43
44 **WHEREAS,** A coalition of over 220 organizations working with victims of sexual assault sent a letter
45 to all members of the House of Representatives in opposition of the bill, stating that the
46 Safe Campus Act of 2015 “inappropriately conflates the roles of colleges and universities
47 and the criminal justice system in responding to campus sexual violence, while claiming
48 to support a more fair process.” And;

49
50 **WHEREAS,** Many other university affiliated organizations have declared opposition to the bill, such
51 as the North American Interfraternity Conference, National Panhellenic Conference, the
52 Association of Public and Land-grant Universities, the International Association of
53 Campus Law Enforcement Administration and NAPSA: Student Affairs Administration
54 in Higher Education;

55
56 **BE IT RESOLVED THAT:**
57

58 **SECTION 1.** The Kansas State University Student Governing Association strongly opposes the U.S.
59 House of Representatives House Bill 3403: The Safe Campus Act of 2015.
60

61 **SECTION 2.** The Kansas State University Student Governing Association urges that The Safe Campus
62 Act of 2015 be voted against in the House Committee on Education and the Workforce.
63

64 **SECTION 3.** Upon passage by the student senate and signature of the student body president, a copy of
65 this resolution shall be sent to University President Kirk Schultz, Provost and Senior Vice
66 President April Mason, Vice President of Student Life and Dean of Students Pat Bosco,
67 Associate Dean of Student Life and Kansas State University Governing Association

1 **RESOLUTION 15/16/61**

2 **RESOLUTION IN SUPPORT OF**
3 **A COMPLETE SMOKE AND**
4 **TOBACCO BAN ON CAMPUS**

5
6 **BY:** Special Committee on Smoking and Tobacco Engagement

7
8 **WHEREAS,** The Kansas State University Student Governing Association created the special
9 committee on smoking and tobacco engagement to study and lead discussions about the
10 campus smoking and tobacco policy;

11
12 **WHEREAS,** The committee surveyed students, tabled in the Student Union, led an open forum and
13 hosted a live broadcast to gather input regarding what students think the new policy
14 should be;

15
16 **WHEREAS,** The survey was sent out to a stratified sample of 2,423 students and received 744
17 responses (30 percent);

18
19 **WHEREAS,** Eighty-eight percent of surveyed students said that a complete tobacco ban would not
20 make them less likely to attend Kansas State University;

21
22 **WHEREAS,** Seventy-four percent of surveyed students identified that the current policy is not
23 enforced well or very well;

24
25 **WHEREAS,** National polls performed by the Centers for Disease Control and Prevention have
26 indicated that the number of smokers is declining;

27
28 **WHEREAS,** Due to the challenges that have presented themselves with the approach of incrementally
29 implementing smoking policy changes, and due to the lack of progress with the intended
30 initial smoking policy change, a growing number of faculty, staff and students have
31 expressed interest in moving toward a complete smoking and tobacco ban;

32
33 **WHEREAS,** The Kansas Department of Health is incentivizing Kansas universities and community
34 colleges to become tobacco-free by offering grants to offset the cost of implementation;
35 and

36
37 **WHEREAS,** Other campuses across the country and state have found complete tobacco bans easier to
38 enforce, allowing for a quicker and more complete change in the campus culture.

39

41 **BE IT RESOLVED THAT:**

42
43 **SECTION 1.** The Kansas State University Student Governing Association supports a change in the
44 official campus smoking policy to no longer allow smoking, use of electronic cigarettes,

BY: Special Committee on Smoking and Tobacco Engagement

WHEREAS, The Kansas State University Student Governing Association created the special committee on smoking and tobacco engagement to study and lead discussions about the campus smoking and tobacco policy;

WHEREAS, The committee surveyed students, tabled in the Student Union and led an open forum to gather input regarding what students think the new policy should be;

WHEREAS, The survey was sent out to a stratified sample of 2,423 students and received 744 responses (30 percent);

WHEREAS, Sixteen percent of surveyed students identified as smoking and/or tobacco product users;

WHEREAS, Eighty-eight percent of surveyed students said that a complete smoking and tobacco ban would not make them less likely to attend Kansas State University;

WHEREAS, The special committee on smoking and tobacco engagement announced their findings and the proposed policy through a live forum broadcast;

WHEREAS, The initial approach of slowly implementing a stricter smoking and tobacco policy has presented challenges that have hindered progress and resulted in minimal change;
